You agree that the fxTrade system provides the primary medium for self-execution of transactions by you. All relevant information, margin notifications and messages from us to you will be via the fxTrade system. You acknowledge and agree that such electronic communication will be binding on you, shall constitute your electronic signature and will be given the same legal effect as a written and signed paper communication. You agree that such form of electronic communication is valid and you will not contest the validity of the electronic records or any paper or electronic copies of such electronic records, absent proof of altered data or tampering.
- b) You agree to keep your Access Code confidential and not provide it to any third party without OANDA's express written approval. - a) **Rates.** OANDA will make available to you, via the fxTrade System, the Rates at which OANDA is offering to enter into Trades with you. Each Rate is valid only on the exact date and at the exact time that such Rate is presented to you. You acknowledge that in a rapidly changing market the Rate presented to you on the fxTrade System may no longer remain in effect at the time your Order is executed at OANDA's fxTrade server, and you agree that any Trade resulting from the execution of such Order shall be at the Rate in effect at the time such Order is executed at OANDA's fxTrade server. OANDA makes no warranty, express or implied, that the Rates represent rates available elsewhere in the market.
- b) **Order Execution.** Subject to your Account meeting the Margin Requirement, OANDA will use reasonable commercial efforts to execute any Order you submit to OANDA through the fxTrade System, in accordance with its terms, and at the prevailing Rate at the time such Order is received at OANDA's fxTrade server. OANDA reserves the right to refuse any Order which creates a new open Trade or increases an Open Position, in its sole discretion and with or without notice.

- d) **Spreads.** Spreads may widen or narrow at any time at OANDA's discretion. You acknowledge that the Underlying markets are not static and changes in such markets, news announcements, political events and periods of low liquidity may result in widened Spreads. You acknowledge that Spreads may widen at any time and there is no limit to how wide the Spread may be.
- e) **Core Pricing.** If you choose Core Pricing option, OANDA will charge your account the Commission Charges, in addition to any other charges or fees as set forth in this Agreement. - a) When opening a Transaction, you may apply a specific guaranteed stop level to such Transaction (each such Transaction, a "**Guaranteed Stop Transaction**"). Any such request must be agreed by us (including as to the stop level) acting in our absolute discretion.
- b) We guarantee that when your agreed stop level is triggered in accordance with the terms set forth in this Section 9A and as further set forth on our Website, we will close a Guaranteed Stop Transaction at that agreed stop level. A Guaranteed Stop Transaction allows you to know the maximum potential loss associated with each Order and guarantees that your Order will be closed at exactly your pre-selected stop price, therefore limiting any losses that you may incur, and eliminating the possibility of slippage.
- c) All information on how Guaranteed Stop Transactions and Guaranteed Stop Loss Orders will be handled is set forth on our Website, as amended from time to time, including information on any fees or premiums associated with such Transactions. You agree that you will read this information before trading with us.

You agree that it is your responsibility to review the various OANDA communications and any trading instructions on the OANDA Website prior to submitting your first Order to fxTrade, and to regularly review the foregoing for amendments. You acknowledge that OANDA may, in its sole discretion, make changes to any trading instructions on the OANDA Website and that such changes will be binding upon you.

(Please see examples in Exhibit A attached hereto.)
- f) **Right to Reject Order.** We may reject your offer to open or close a Transaction without notice, if we reasonably believe:-
- i) your offer to open or close the Transaction is given while the quote is no longer valid;

- b) The rights of OANDA under this Agreement are in addition and without prejudice to its legal and equitable rights of set-off; and

You shall also be allowed, at your sole expense and cost, to make copies of such records.

34. **Anti-Money Laundering.**

- a) You acknowledge that due to anti-money laundering requirements operating in Singapore as well as OANDA's own internal anti-money laundering policies, OANDA may require you to furnish further identification concerning the beneficial ownership of your Account and/or information concerning the source of funds deposited to, or the destination of funds withdrawn from, your Account before such deposit or withdrawal, as the case may be, can be processed. You agree that OANDA shall not be liable for any loss, damage or expense of any kind which you or any third party may suffer as a result of OANDA's failure to process a deposit or withdrawal request if, in OANDA's reasonable opinion, you have not satisfactorily provided such identification and/or information. You warrant and represent that all funds deposited to your Account shall originate from a bank account or online payment processor account in your name and that all amounts withdrawn from your Account shall be directed to a bank account or online payment processor account in your name. You represent and warrant that acceptance by OANDA of this Agreement, together with acceptance of the appropriate remittance, will not breach any applicable rules and regulations designed to avoid money laundering.
- b) If you are a corporation, trust or other entity, you warrant, represent and covenant that you:

 - iii) have ascertained that none of the beneficial owners of the Account is a Prohibited Customer.
- c) If you are not the beneficial owner of your Account (i.e., you are acting as agent or nominee for one or more beneficial owners of the account) you warrant, represent and covenant that you:
- i) shall advise OANDA of the names of such beneficial owners, pursuant to Section 13(l);
 - ii) shall ensure that all funds for deposit transferred to OANDA originate directly from a bank or brokerage account in the name of such beneficial owners;
 - iii) have adopted and implemented anti-money laundering policies, procedures and controls that comply with, and will continue to comply in all respects with, the requirements of applicable anti-money laundering laws and regulations;

OANDA will not be liable for the insolvency, acts or omissions of any bank holding money under this Agreement. In the event of any insolvency of the bank holding your money, OANDA may have only an unsecured claim against the bank on behalf of you and our other clients, and you may be exposed to the risk that the money recovered by us from the bank is insufficient to satisfy your claims in respect of your money held with the bank. It is not OANDA’s policy to pay interest to you on any of your money that OANDA holds and by entering into this Agreement you acknowledge that you are therefore waiving any entitlement to interest under the MAS Rules or otherwise. In the event that there has been no movement in your account balance for a period of at least six (6) years (notwithstanding any payments or receipts of charges, interest or similar items) and OANDA is unable to trace you despite having taken reasonable steps to do so, OANDA may cease to treat your money as Client Money, close your account and transfer ownership of any positive balances from you to OANDA. OANDA will determine whether an error occurred within fourteen Business Days after hearing from you and will correct any error promptly. If more time is needed, however, OANDA may take up to forty-five (45) calendar days to investigate your complaint or question. If OANDA asks you to put your complaint or question in writing and OANDA does not receive it within ten (10) Business Days, OANDA will conclude that the transaction in question is correct and no error was reported. If OANDA decides that there is no error, OANDA will send you a written explanation.
38. **Electronic Communications.** You agree that this Agreement, the Account application, all related Account application documentation, all Transactions, confirmations of Transactions, disclosures (including disclosures required by law), notices, instructions, agreements or any other communications regarding your Account (collectively

EXHIBIT A TO FXTRADE CUSTOMER AGREEMENT

Example 1: Margin Closeout Causing Large Sell Transaction

You have a long position of 40,000,000 USD/SEK, and a downward move in the USD/SEK price causes a Margin Closeout of the position. At the time of the Margin Closeout, the USD/SEK price on fxTrade is 8.54248/8.54652. Your position is sold at the bid rate, which is 8.54248.

After the Trade is executed, OANDA hedges the Margin Closeout Trades by executing the following trades with liquidity providers:

Sell 30,000,000 USD/SEK at 8.54208
Sell 10,000,000 USD/SEK at 8.54244

Note that the trade size is specified as a negative value when it is a sell trade.

The volume-weighted cost of the hedge trades is:
 $((-30,000,000 \times 8.54208) + (-10,000,000 \times 8.54244)) \div (-30,000,000 + -10,000,000) = 8.54217$

The price difference is calculated as the difference between 1.0-pip in excess of the volume-weighted cost and the executed price. The price difference is denoted in the second currency of the currency pair, which is SEK for USD/SEK.

price difference = (volume-weighted cost – 0.0001) - executed price
= (8.54217 – 0.0001) - 8.54248 = -0.00041 SEK

Note that the 1.0 pip is deducted from the volume-weighted cost because the Margin Closeout is a sell Trade, and 1.0-pip on USD/SEK equals 0.0001 SEK.

The special handling debit is calculated by multiplying the price difference by the Trade size.

special handling debit = price difference × Trade size
= -0.00041 SEK × -40,000,000
= 16,400 SEK
= 1,918.91 USD

A special handling debit of 16,400 SEK or 1,918.91 USD is debited from your Account.

Example 2: Margin Closeout Causing Large Buy Transaction

You have a short position of 125,000,000 EUR/USD, and an upward move in the EUR/USD price causes a Margin Closeout of the position. At the time of the Margin Closeout, the EUR/USD price on fxTrade is 1.09346/1.09355. Your position is bought at the ask rate, which is 1.09355.

After the Trade is executed, OANDA hedges the Margin Closeout Trades by executing the following trades with liquidity providers:

Buy 60,000,000 EUR/USD at 1.09340
Buy 40,000,000 EUR/USD at 1.09345
Buy 25,000,000 EUR/USD at 1.09347

Note that the trade size is specified as a positive value when it is a buy trade.

The volume-weighted cost of the hedge trades is:

$$\left((60,000,000 \times 1.09340) + (40,000,000 \times 1.09345) + (25,000,000 \times 1.09347) \right) \div (60,000,000 + 40,000,000 + 25,000,000) = 1.09343$$

The price difference is calculated as the difference between 1.0-pip in excess of the volume-weighted cost and the executed price. The price difference is denoted in the second currency of the currency pair, which is USD for EUR/USD.

$$\begin{aligned} \text{Price Difference} &= (\text{volume-weighted cost} + 0.0001) - \text{executed price} \\ &= (1.09343 + 0.0001) - 1.09355 = -0.00002 \text{ USD} \end{aligned}$$

Note that the 1.0-pip is added to the volume-weighted cost because the Margin Closeout is a buy Trade, and 1.0-pip on EUR/USD equals 0.0001 USD.

The special handling rebate is calculated by multiplying the price difference by the Trade size.

$$\begin{aligned} \text{special handling rebate} &= \text{price difference} \times \text{Trade size} \\ &= -0.00002 \text{ USD} \times 125,000,000 \\ &= -2,500 \text{ USD} \end{aligned}$$

A special handling rebate of 2,500 USD is credited to your Account.
